**Note:** In 1988, the **daily** was taken away and Satan was free to come into the corporate Body. God's Elect (1/3) is considered to have committed fornication with Babylon and has also come into this time of judgment **unaware**. In 1994, Christ came and began the separation of the wheat from the tares. God began to open up the Bible to His elect and to feed them outside of the corporate body. The 2/3 continues under the **FIRE** of God's judgment. **2011** appears to be THE year for the end of the world, unless there is more information that we have not yet come to learn from the Bible.
